BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

NOTES—First Sheet.

No. D. 61

Damages to the Mantapam Bridge --- leading to Sivasamudram Island.

DEWAN'S OFFICE
Recd. on 5
Reg. No. 1447

Submitted to the Dewan of Mysore.

2. This old bridge sustained damages in the recent floods and a length of 30 feet of the bridge containing 3 vents - was washed away on the 17th August or so. Mr. Forbes, Chief Electrical Engineer, -- inspected the bridge immediately after -- its occurrence and a temporary foot ----- bridge has been put up now for the use of passengers. During my visit to Siva- -- samudram on the 29th August, the bridge was inspected by me and Mr. Forbes. The Jahagirdar also met us on the occasion. Mr. Forbes was arranging with the Jahagir dar to put up a more permanent deviation by the use of iron steel beams with him.

3. A detailed examination of the ---- bridge and the reconstruction of the ---- damaged part will not be possible till -- probably dry weather.

4. The Jahagirdar has, I believe, to repair the bridge at his cost. But no -- papers are available in this office as -- regards the responsibility of the Jahagir- dar in the matter and other Secretariats have not been able to furnish information on this point.

5. Orders are solicited as to what action has to be taken in the matter in the Public Works Department, Roads and --

REV. SECTT.
SEP. 1923

and Buildings Branch.

The alternative courses open for the repairs of the bridge are:-

(1) The Chief Electrical Engineer may prepare estimate for the work and the repairs carried out by him, the ----- necessary cost being recovered from -- the Jahagirdar.

Or, the Jahagirdar may be asked to carry out the work under the supervision of the Electrical Department.

(2) If required, the necessary estimates will be prepared in the Roads and Buildings Branch and repairs attended to ---- under the supervision of the Department, the cost being met by the Jahagirdar. - Or, the Jahagirdar will have to be asked to carry out the works under the supervision of the Public Works Department.

The Jahagirdar will be addressed as soon as it is settled as to which Department (i.e. Public Works Department, Roads and Buildings, or the Electrical Department) should attend to the matter.

K. V. Seshachar

Ag. Secretary to Government,
Public Works Department,
Roads and Buildings.

Bangalore,

P.W. No. 3 dated 26-2-24.

Forwarded, with compliments, to the Secretary to Government, Local and Legislative Departments, in continuation of this office Un-official reference dated 18th February 1924 on the subject.

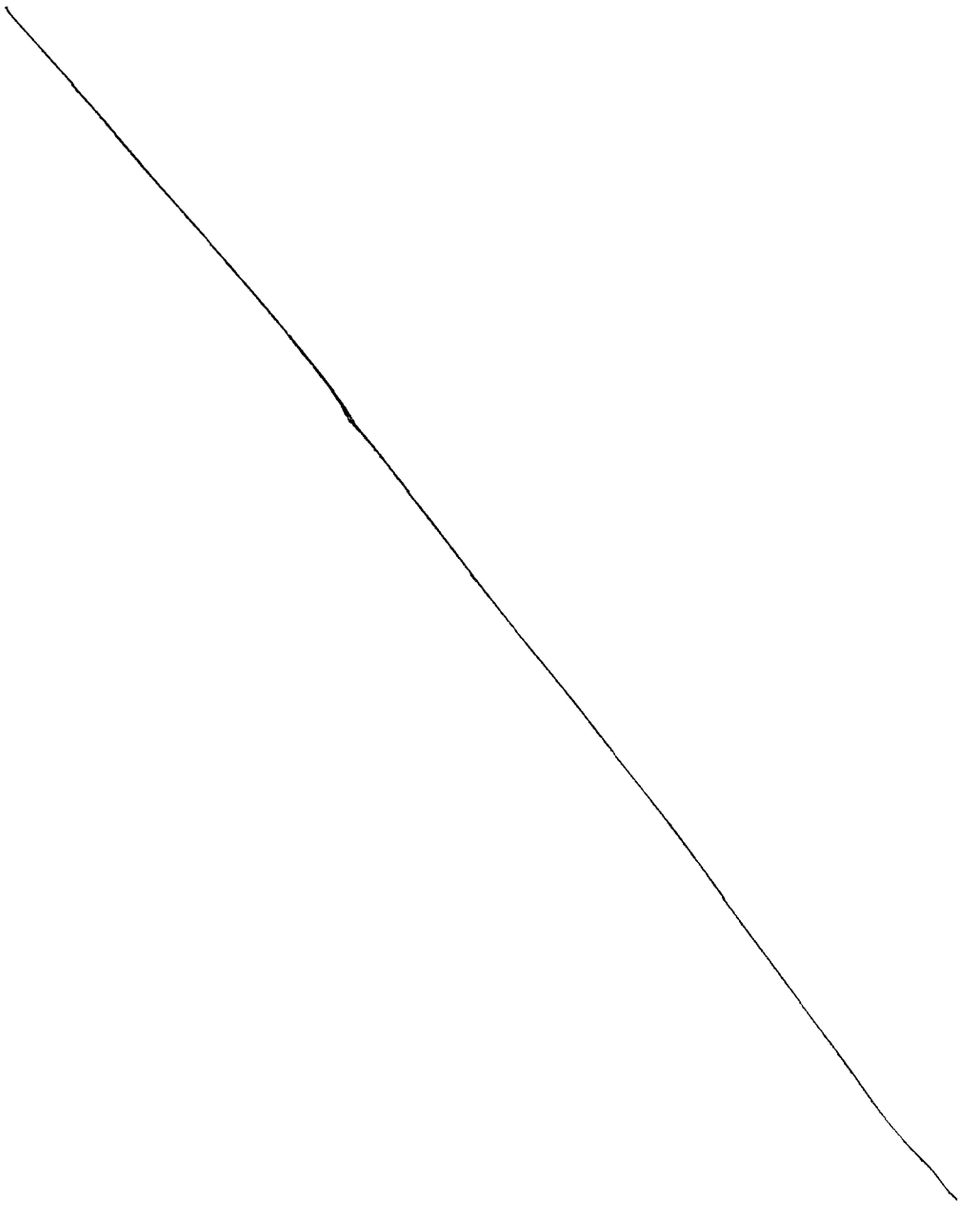
V. R. Seshachar

Secretary to Government,

P. W. Department.

Note.

Subject:-- Rebuilding the damaged portion of the Mantapam bridge (otherwise known as Ranga Sethuvê) leading to Sivasamudram island.



In his note dated 9th May 1898 Sir K. Seshadri Iyer, the then Dewan stated as follows:--

1) "Triplicane Ramaswami Mudaliar, the ancestor of the present Jaghirdar sometime about 1826 built the bridge --- across the river Cauveri at the island of Sivasamudram, and he also restored a temple in the island which had been in ruins and established an agranar there.

the agrahar and connected charities (all in the Island which is in British Territory), the Mysore State Granted Belakavadi and other villages as Inam by sannads dated 8th May 1826, 6th --- February 1827, 7th August 1827 and 25th July 1828 (Vide recital in Sannad dated 24th December 1829.)

3) Subsequently the Mysore State decided to grant an Inam in consideration of and for the maintenance of the Bridge, --- Belakavadi and other villages previously granted for the maintenance of the temples and other charities were transferred as Inam for the Bridge and in lieu of those villages other --- villages viz., Kurigal and Kaggalipur were granted as Inam for th maintenance of the temples and charities."

4. With reference to the above Sir Donald Robertson, Resident in Mysore observed as follows:--

"I understand that the six villages which were given in A.D.1829 to the then Jahgirdar in "inam" who was reported to be "constructing at a heavy cost a substantial stone bridge on the western branch of the Kaveri are now in the possession of the Jahgirdar's mother, and are managed by an official deputed for the duty by the Durbar. This arrangement, which is obviously the best one in the interests of the Jahgirdar. is said to work well. No change is desired either by the Durbar or the mother I do not, therefore, propose to allude to these villages. I would, however, invite attention to paras 2 and 3 of the Dewan's memo of the 9th May 1898. I am not sure that I follow the exact significance of the language employed, and shall be glad to be corrected if I am labouring under any misapprehension in special reference to the opening sentence of para 3.

The position in 1829 seems to have been as follows:--

In 1826 the Jahgirdar had been granted certain villages as "Sarvamanya" in consideration of having" restored Sivasamudram and constructed a bridge and agrahar therein. The six villages granted or rather re-granted under different tenure, in 1829, were for a bridge then under construction, or to be constructed, spanning the

western

20

western branch of the Kaveri. A bridge was evidently then already in exisince in Sivasamudram. It is referred to in the recital of Sannad A. The re-grant of 1829 (Sannad A) was made to meet the cost of construction not, as the Dewan says, for the maintenance of the bridge. These charges -- were presumbly to be met from tolls or ferry fees. This distinction is important as the structure is in need of repairs, and it will, unless this question has already been settled, be necessary, the point having been raised by Madras to determine who is responsible for maintenance. The --- Jahgirdar is apparently not liable unless he collects the tolls. If he does not collect, it seems worth considering whether the arrangement should be allowed to continue, and if so under what safe-guards in the matter of compelling him to keep the bridge in proper repair."

5. With reference to the above obserations, the Dewan in his further notes dated 5th August 1898 stated as under:-

In regard to the Mysore Bridge Sannad, I agree with the Resident that the grant contains no condition for the ----- maintenance of the bridge. The intention may have been --- different, but the Mysore Sannad, granted when the bridge was under construction, failed to express that intention, and we cannot therefore now enforce the condition of maintenance as a part of the tenure of the Mysore villages (Belakavadi and others). The Jahgirdar's obligation to maintain can therefore be enforced by the Mysore Government only with reference to the Tolls which that Governmenthas authorised him to collect. As regards the villages of Sivasamudram and Sattyagal granted by the Madras Government under Sannad dated 15th March 1866, I believe the perpetual maintenance of the two bridges seems enforceable as a condition of the tenure on which the Jahgirdar holds these villages from the Madras Government."

6. Unfortunately a copy of the sanad granted by the -- Madras Government is not available in the records. A

perusal of the terms of the grant contained therein would be most helpful in arriving at a correct conclusion. But the material portion of the Sannad has been extracted in the inam register pertaining to the Sarwamanya Belakavadi village.

7. The inam enquiry seems to have been conducted in the year 1879 and the Assistant Inam Superintendent has very -- appropriately enquired into the matter of the bridge maintenance and has recorded findings in unequivocal terms.

A few extracts from the findings of the Inam enquiry will be useful in determining the Jahgirdar's obligation to restore the bridge and maintain it under proper repairs.

"With regard to the repairs of the bridge it is stated that a certain rate of toll therein laid down should be utilized therefor. The Jahgirdar appears to have been very kind and considerate in exempting certain class of people from the toll though no such exemption was made in the Sannad. x x x

Referring to the foot note of the then Resident of Mysore on the sannad of this grant, I thought it better to see the sannad granted by the Government of His Majesty's Territory for the Jahgir held therein, the extract of which is herein annexed for reference.

Whereas Triplicane Ramaswamy Mudaliar having ---- constructed two bridges on the southern and western ------ branches of the river Cauveri forming an island of Sivasamudram with a view to encourage and support works of such great utility and to provide in some degree the means of keeping them in repair, the Governor in Council with the sanction of the Hon'ble Court of Directors hereby grant to the said T. Ramaswami Mudaliar, his heirs and successors for ever a track of land in the Zilla of Coimbatore with the exception of 12½ Pallas of Punja land originally granted on Inam tenure

Extract of sannad dated 15th March 1830 granted by the Governor in Council of Fort St. George.

To keep the bridges constructed in perpetual repair,

the

perusal repair, the Governor in Council permits Ramaswami Mudaliar his heirs and successors for ever to levy a ---- moderate rate of toll upon all persons frequenting the 2 bridges according to the following rates.

x x x

7. On the above condition Ramaswamy Mudaliar, his heirs and successors for every are empowered to hold the Jahgir together with the privilege of collecting mohatarfa and leving toll at the rate prescribed on all persons frequenting the two bridges. It will be observed that where-ever the word bridge occurs plural number has been invariably used thus making it obligatory on the Jahgirdar to keep the two bridges in perpetual repair."

The Inam Assistant therefore concluded that the -- grant was evidently made in remuneration of having construct ed the bridge the up-keep of which also rests with the --- Jahgirdar who was however authorised to levy a toll for --- defraying the expenses incurred therefor. The same condition was attached to the grant made by the late Maharaja for the bridge constructed in this Province over the Cauveri.

This view was accepted by the Inam Superintendent -- (Capt.Cole.) who recorded the following confirmatory order.

"I have examined the Sannad. This (Belakavadi) and the other villages were granted for the construction of the bridge over the Kaveri on the road from Malavelli to Sivasamudram. The grantee was authorised also to levy the tolls for the repairs of the bridge. It appears clear to me that the sole responsibility for the repairs of the ---- bridge rests on the Jahgirdar. There is no stipulation that the Government will pay any portion of the cost of such --- repairs. The obligation for the repairs rested with the Jahgirdar in being vested with the right to collect the --- tolls."

8. Notwithstanding the above facts, the Superintendent of Survey and Settlement (Mr. Darashah) states "that ~~xxxxx~~ while there is nothing in ~~over~~ our records to show that the responsibility for the upkeep of the bridge was specified in the original -- sannad as a condition ~~building~~ binding on the Inamdar, the Inam Superintendent (Capt. Cole) has expressed a strong opinion in the --- affirmative, and that it is difficult to judge the matter but if the old correspondence ~~an~~ the subject between the Resident and the Durbar could be found, some light may be ~~xxxxx~~ thrown by it on the matter."

This view seems to be wholly untenable in view of the conditions laid down in unmistakable terms in the sannad granted by the Madras Government and of the authority vested in the -- Jahgirdar to levy tolls for the perpetual maintenance of the two bridges. The Jahgirdar cannot be allowed to go behind the settlement made nearly 45 years and exonerated from the obligation to maintain the bridges in good repair always.

9. There is no indication in the file whether the Jahgirdar was written to in the matter and ~~xxxxx~~ what his attitude is to put up a permanent deviation by the use of iron steel beams, under the supervision of the Electrical Department, as suggested by the Chief Engineer for Roads and Buildings.

A ash case

1. A complete valid grant

2. From the Sannad quoted in col. 11 it will be seen that the grant partakes more of the character of Devadaya and charitable Inams than personal; but though Sannad has so carelessly been drawn up which I shall immediately draw point out that it can be construed to meet both objects to suit time and circumstances. The grant cannot and should not be both Service and personal at one and the same time as it appears to be the case in the present instance. If it is a Service grant the power of alienation conceded to the grantee by the Maharaja should now be withdrawn and be declared that so long as these Devadaya and charitable institutions are in good order and the Several Services from time to time are therein rendered efficiently it is continuable to the grantee's family in hereditary Succession. If powers of alienation given in the Sannad is to be recognised and admitted it is to be understood that the grantee's family can alienate the property to any individual with the conditions of the grant.

3. The Agrahar is in existence but it is not inhabited owing to the unhealthiness of the locality The Agrahardars, it appears, are located at Belaka-vadi and go to Srivasamudram whenever their Services are required. This may be allowed, but the gahagirdar should keep the Agrahar in good order. He has been written to on the Subject.

4. The grantee is allowed to enjoy Sandal and date trees together with other items but no mention of Abkari item is made therein, hence it is to be reserved. The grantee should not levy petty taxes which have since been abolished in all Government villages.

5. A valuation Survey is wanted.

6. This grant is subject to all local cesses which may be imposed from time to time by order of the local Government.

7. There is an application in this office from the Jageerdar bearing this office Reg: No: 181 of 1879. Stating that until 1857 the irrigation work of this jageer was repaired by Govt, that ever since the work having been neglected or valai not repaired. he has sustained a heavy loss; that the present revenue of the grant is hardly sufficient to meet the charitable expenses for which it was granted Consequently he lays out more money from his pocket for the purpose and that therefore requests that as before the irrigation work may be repaired at the Govt expenses.

8. The agent of the Jageerdar was ordered to produce all the Correspondence connected with the irrigation work in order to note on the register how the question was decided by the authorities, and he failed to do so and the Jageerdar was accordingly informed that as all the papers were not produced by his agent as desired by me the point about the repair of the irrigation work in the Jageer could not be noted on the Register.

Abstract of the orders already issued by the Commissioner or the Superintendent of the Division on lapses regarding validity or excess of the Inam. Assistant's opinion and recommendation	Review by the Special Assistant and confirmation by the Inam Commissioner
19	20

A usli case

1. a complete valid grant

2. From the Sannad quoted in column 11 it will be seen that this magnificent grant was made to the original grantee Rama swamy moodaliar as per recommendation of the then British Resident of Mysore for having constructed a bridge over the Kavari. The Sannad does not impose any condition upon the grantee who is allowed to enjoy it as a personal Inam and he was authorized to alienate it in any way he liked. With regard to the repairs of the bridge it is stated that a certain rate of toll therein laid down should be utilized therefor. The Jaggerdar appears to have been very kind and considerate in exempting certain class of people from the toll though no such exemption was made in the Sannad. The bridge is in good order.

3. Sandal. Soyer and date trees with several are allowed to be enjoyed by the grantee but no mention of abkari item was made therein, it should therefore I think be reserved.

4. A valuation Survey is desired.

5. This grant is subjected to all local cesses which may be imposed from time to time.

Name of the village	Description of land	Extent	Assessment	Whether Jari or not	Jasti	Proportion ate G. R.	Case no.	Reg. no.	Remarks
			Rs as p						
A Belakavady S. M.			1998 9 -				1	185	
B Dasanadoddi S. M.			114639				1	194	
C Hosahalli S. M.			297-4				1	196	
D Kanchipahalli S. M.			782 15				1	192	
E Hanchipura Dya-vapatna			25656				1	193	
F Belakvadi Dalli-halli mallighatta halli S. M.			1607				1	199	
		Total	144967						

A, B, C, D, E and F are to be confirmed under Rule VI I.T.D.

There is an application from the Jageerdar complaining about the conduct of the village Servants connected with this grant and stating that they are very indifferent with regard to the performance of their respective duties on the plea that they are Govt. Servants and can be abided by the orders of the Govt. officials ie. the amildars &c.

It is wrong on the part of the Servants to think that they are not to be controlled by the Jageerdar. In fact the excluded jari Inams were granted to the Servants under reference for the benifit of the villages and the holders thereof whether Government or any other individual and in the present instance they are really ~~the~~ the Servants of the Jageerdar and not of Govt so long as he is the owner of the villages. The dismissal and appointment of the Servants rest with the jageerdar himself like other village holders and jageerdars.

If this view of the case meets with the
roval of the Inam Superintendent the same will
be communicated to the Jageerdar in reply to his
application of 31st. March last.

Referring to the foot note of the then Resident
of Mysore on the Sannad of this
grant I thought it better to see the sannad
granted by the Govt. of H. Hs Territory for the
Jageer held therein the extract of which is herein
annexed for reference.

"Extract of Sannad dated 15th March 1830 granted
"by the Governor in Council of Fort St. George.

Whereas Triplicane Ramasawamy Moodaliar
"having constructed 2 bridges on the Southern
"and Western branches of the river Cauvery
forming an island of Sivasamudram with
a view to encourage and support works of such
"great public utility and to provide in some
"degree the means of keeping them in
"repair, the Governor in Council with the
"Sanction of the Hon; the Court of Directors
"hereby grant to the said T. Ramaswamy
"Moodaliar, his heirs and successors for
"ever a track of land in the Zilla of

Coimbatore with the exception of 12½ Ballas of
'Punja land originally granted on Inam tenure
"to the Fakeers of Peer mohomed Durga and
whereas it is declared in Section IV Regulation
XXV of 2802 that the Govt. has reserved to
"itself the entire exercise of its discretion in
'continuing' or abolishing temporarily or per-
manently the articles of Revenue included
'according to the custom and practise of the country
"under the head of taxes personal and professional
"as well as those derived from markets, fairs,
"or Bazars the Government in council is pleased
"to grant to T. Ramaswamy moodaliar, his heirs
"and successors forever power and authority
"to collect the above named taxes according to the
"custom of the country in the several villages
"held by him.

T. Ramaswamy moodaliar, his heirs and
"successors for ever are accordingly permitted
"to collect the above named taxes from all
"persons within the limits of his jahgeer but
"forbidden to collect the new and unauthor-
ised cess under this head or to collect the

"ancient and established cesses at a higher rate
"than according to the custom of the country.

To Keep the bridges constructed in per-
"-petual repair the Governor in Council
"permits Ramasawamy moodaliar, his heir and
"Successors for ever to levy a moderate rate
"of toll upon all persons frequenting the 2
"bridges according to the following rates.

" For every bandy laden Madras fanams /2/
" —do— bullock laden Madras do- 1-
" —do— passenger carrying goods do cash /40/
" —do— every horse —do— 40
" do bullock —do— 20
" —do— passenger without goods —do— 20

" On the above condition T. Ramaswamy
" moodaliar, his heirs and Successors for
" ever are empowered to hold the Jahgeer
" together with the privilege of collecting
" Mohalarfa and levying toll at the rate
" prescribed on all persons frequenting the
" two bridges

assessment

"Land originally granted	4840 — 13 — 0
" Remainder of the enjoyment of the jaligeer	1818 — 11 — 8
	6659 — 8 — 8

From this Sannad it will be observed that the grant was evidently made in remuneration of having constructed the bridge the up keep of which also rests with the jageerdar who was however authorised to levy a toll for defraying the expenses incurring therefor. The same condition was attached to the grant made by the late Maharaja for the bridge constructed in this province over the Cavari.

---

do.

1 I have examined the Sannad. This and the other villages were granted for the construction of the bridge over the Kaveri on the road from Malavalli to Sivasamudram. The grantee was authorized also to levy the tolls for the repairs of the bridge It appears clear to me that the sole responsibility for the repairs of the bridge rests on ~~with~~ the ghagirdar. There is no stipulations that the Govt. will pay any portion of the costs of such repairs. The obligation for the repairs rested with the ghagirdar in being vested with the right to collect the tolls.

2 Full powers of alienations are conveyed in the Sannad in which this Asli village and the Dakhileel are given as noted in col. 11. —

3. confirmed free but subject to all local fund and irrigation cesses.

4. The items of Sayer, Koddy and Sandal are conceded as per the Sannad.

5- The items of Arrack is reserved.

6. Shanbhag is not specially mentioned, all items of Forests and Sandal are conveyed in the Sannad and are now conceded.

7 A. valuation Survey is desired.

Office of the Superintendent

Mysore Revenue Survey,

Dated, Bangalore 2nd November 1923.

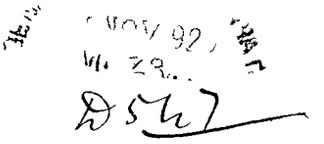
6/4

From

Rajakaryaprasakta
D.K. Darashah, Esq., B.A.,

Superintendent,

Revenue Survey & Settlements in Mysore.



Mwz. 147-23-2.

To

T.E. Jeyarama Aiyar, Esq., B.A., B.L.,

Secretary to Government, Revenue Department

Sir,

With reference to your letter No.552/Mar. dated 23rd October 1923 requesting to be informed whether the responsibility of keeping the bridge leading to Sivasamudram Island in good repair devolves on the Jaghirdar or not, I have the honour to forward herewith extracts of columns 11 and 12 from the Inam Register of Belakvadi village and to state that while there is nothing in our records to show that the responsibility for the upkeep of the bridge was specified in the original sanad as a condition binding on the Inamdar, the Inam Superintendent has expressed a strong opinion, in the affirmative. It is difficult to judge the matter; but if the old correspondence on the subject between the Resident and the Durbar could be found, some light may be thrown by it on the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Superintendent.

Extracts of columns 11 and 39 from the Inam Register of Belakvadi village.

11. 1 Sannad from His late Highness the Maharaja of Mysore dated 24th December 1829 to the address of Triplicane Ramaswami Mudaliar, intimating him the cancellment of the Sannads granted to Seshachala Mudali in 1826, 1827 and 1828 for Belakvadi, etc., villages and authorising him (Ramaswami Mudaliar) to enjoy the above mentioned six villages with their dependencies, etc., hereditarily on sarvamanya tenure with powers of alienation in compliance with the recommendation contained in the Mysore Resident H. Casamajor's yadi dated 16th November 1829 to grant 1,000 phooly pagodas worth of land to you (Ramaswami Mudaliar) as jaghir from the Mysore Government for constructing a strong masonary built bridge over the Cauvery to the western side of Sivanasamudra under the description of Ranga Seve in addition to the already granted by the British Government for having built a similar bridge over the river Cauvery, which is a work of utility to heir Government and to the public in general.

The Sannad further authorizes Ramaiah to enjoy sirsha, mulla patanga, seege, poppali, gudakavali, marvali, pachaisha, tulsi, ajjahikuta, samayachara, hullunna, chandaya, honnaiya nagara, manerunha, madvekutavali, margharagapada, ranapomma, hubbigon a kempancola, appinamoli, kempapyru, tuppa parru, etc., and to collect the toll at half of the former levying rate to be utilized for the annual expenses of the bridge viz.

		Mile Mam	Kash
One	1 Cart load	2	-
	1 Pullock ton	1	-
	1 Man load	-	40
	1 Horse	-	40
	1 Cattle	-	20
	1 Man	-	20

30. 1. I have examined the sannad. This and the other villages were granted for the construction of the bridge over the Kaveri on the road from Malavalli to Sivasamudra. The grantee was authorized also to levy the tolls for the repairs of the bridge. It appears clear to me that the sole responsibility for the repairs of the bridge rests on the Jaghirdar. There is no stipulations that the Government will pay any portion of the costs of such repairs. The obligation for the repairs rested with the Jaghirdar on being vested with the right to collect the tolls.

His Highness the Maharaja of Mysore,

Revenue Department.

Sir,

With reference to your letter No.726/M.F.147-23-3 dated 23rd November 1923, regarding the Jaharirdar's responsibility to keep the bridge leading to Sivasamudram island in good repair, I have the honor to request that a copy of the Sannad dated 24th December 1829 together with an English translation of the same, if available in your records, may be kindly be sent for reference together with copies of the Hon'ble the Resident's Yadi dated 16th November 1829 recommending the grant of 1000 phooly Pagodas worth of lands as Jaharir and of the Sannad dated 15th March 1830 granted by H.E. the Governor in Council of Fort St. George.

2. The Inam Superintendent in Mysore who was requested to send a copy of the sannad and the asli records relating to the grant has replied that neither of them is available in his records.

3. The favour of an early compliance is requested.

I have the honor to be,

Sir,

Your most obedient servant,

for Muzrai Commissioner.
